Principal's Desk

Dear Parents,

On behalf of the children, staff and the management, I'd like to welcome you to L.B.K. Public School. We have a school which believes in the value of every child and adult who enters our doors. As such we want all those who become part of our school community, whether a child or an adult, to feel valued, happy, respected and to recognise their role in continuing to make our school 'Outstanding'.

We believe that all children who become pupils at our school deserve the best and our aim is to help them succeed by reaching their potential in every area of school life – academic, social, personal, physical and spiritual. We do this by ensuring that each child has a clearly personalised curriculum where they understand their educational journey – where it is beginning, where it will take them and how they will get there!

Within our school we work very hard to create a team of teachers, non-teaching and support staff that will support each child in reaching their potential. Many who visit us comment on the strength of our 'staff team' and their shared commitment to help every child in the school achieve their best.

We value the broad and balanced curriculum which our staff offers and all children are able to access not only academic, but creative and physical areas of the National Curriculum fully, so that they receive the highest standard of education.

We hope as you read our school brochure you will gain a sense of the value that we place in each child and our desire to ensure standards, in all areas, remain as high as possible within the caring and happy community which is L.B.K. Public School.

We look forward to welcoming you and your child(ren) to our fantastic school. If you have any questions before then, please do not hesitate to contact me.
